

Energy Efficient 250kW Diesel Generators 312.5KVA Mobile Diesel Generator

Basic Information

- Place of Origin: CHINA
- Brand Name: Shanghai Diesel Generators
- Certification: ISO9001
- Model Number: 100KW
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Plywood Package
- Delivery Time: 3-5days
- Payment Terms: T/T
- Supply Ability: 1000

Product Specification

- Fuel Consumption: $\leq 210\text{g/kWh}$
- Fuel Type: Diesel
- Noise Level: $\leq 75\text{dB(A)}$
- Speed: 1500rpm/1800rpm
- Power Output: 20-1000kW
- Warranty: 1 Year
- Cooling Method: Water Cooled
- Engine Brand: Cummins
- Highlight: **Energy efficient 250kW Diesel Generators, Energy Efficient Mobile Diesel Generator, 312.5KVA Mobile Diesel Generator**

Our Product Introduction

Product Description

Energy-efficient Shanghai Diesel Generators Power Output 20-1000kW Noise Level ≤ 75 dB A

Product Description:

Shanghai Diesel Generators are the ideal solution for a wide range of power needs. Our diesel generators deliver a reliable and efficient power output of 20-1000kW, with a choice of 1500rpm or 1800rpm speed. All of our diesel generators are water cooled and powered by diesel fuel, with voltage choices of 380V/400V/415V/440V/480V. These features make our generators suitable for a variety of applications.

Shanghai Diesel Generators also offer a number of options for portability. We offer containerized gensets, trailer mounted generators, and mobile diesel generators for easy and convenient transport. All of our generators are designed to provide years of reliable service and are backed by a team of knowledgeable engineers ready to assist you with any of your power needs.

Features:

Product Name: Shanghai Diesel Generators

Service Life: $\geq 20,000$ Hours

Voltage: 380V/400V/415V/440V/480V

Power Output: 20-1000kW

Cooling Method: Water Cooled

Starting Method: Electric/Air

Special Features: Mobile Genset Trailer, Trailer Mounted Generator, Silent Electric Generator

Technical Parameters:

Parameter	Shanghai Diesel Generators
Frequency	50Hz/60Hz
Control System	Smartgen/Deepsea/ComAp
Service Life	$\geq 20,000$ Hours
Voltage	380V/400V/415V/440V/480V
Speed	1500rpm/1800rpm
Engine Brand	Cummins
Noise Level	≤ 75 dB(A)
Cooling Method	Water Cooled
Power Output	20-1000kW
Starting Method	Electric/Air
Special Features	Silent electric generator, trailer mounted generator, mobile diesel generator

Applications:

Shanghai Diesel Generators are the perfect choice for mobile genset trailer, standby generator, silent electric generator, and other applications that require reliable power. Thanks to their fuel efficiency and low noise, Shanghai Diesel Generators offer a remarkable fuel consumption of no more than 210g/kWh, with a fuel type of Diesel. The engine brand is Cummins, and the cooling method is water cooled. The Frequency is 50Hz/60Hz. Shanghai Diesel Generators come with a Brand Name of Shanghai Diesel Generators, and a Model Number of 100KW. The Place of Origin is CHINA, and it has Certification of ISO9001. The Minimum Order Quantity is 1, and the Price is US\$ 9850-10150. The Packaging Details is Plywood Package, and the Delivery Time is 3-5days. The Payment Terms is T/T, and the Supply Ability is 1000.

Customization:

Shanghai Diesel Generators are a high-performance mobile diesel generator which is certified with ISO9001. It is powered by Cummins engine and offers a frequency of 50Hz/60Hz, fuel type of diesel and rated speed of 1500rpm/1800rpm. The minimum order quantity is 1 and the price range is US\$ 9850-10150. It has a plywood package for delivery and the delivery time is 3-5 days. Payment terms are T/T and the supply ability is 1000. The starting method is both electric and air.

The Shanghai Diesel Generators are a powerful and silent electric generator that is suitable for a wide range of industrial and construction uses. It is the perfect choice for those looking for a reliable and efficient mobile diesel generator.

Support and Services:

Technical Support and Service for Shanghai Diesel Generators

We provide technical support and service for our Shanghai Diesel Generators. Our technical support team is available to you 24/7 for any inquiries you may have about our product. Additionally, our service staff can offer you timely maintenance and troubleshooting for your generator.

We offer a variety of services including:

Comprehensive maintenance packages

Troubleshooting and diagnostics

On-site service and repair

Replacement parts

Upgrades and modifications

For more information about our technical support and service for Shanghai Diesel Generators, please contact us.

Packing and Shipping:

Packaging and Shipping of Shanghai Diesel Generators

Shanghai Diesel Generators are packaged with multiple layers of protective material to ensure safe delivery. The product and accessories are carefully wrapped with foam, bubble wrap, and other protective materials to ensure that no damage occurs during transit. The packaging is also labeled with the product name, model number, and other important information.

For international shipments, Shanghai Diesel Generators are shipped with reliable carriers such as DHL, UPS, and FedEx. All shipments are tracked and monitored for delivery accuracy and faster turnaround times. Customers can also request for specialized packaging and shipping services.

Product Description

1. Main technical parameter for generator set

brand	Green power
manufacturer	made in china
The unit type	FM75GF
power of the assembling unit	75KW/84kva
power factor	0.8
starting mode	electrical starting
output voltage	400/230V
current output	135A
mode of connection	three-phase four-wire
rated frequency	50HZ

China Shanghai Group 75kw Silent Diesel Generator Set

1. Introduction to diesel engine

This series of generator sets are made by Shanghai diesel engine co., LTD., which produces series H series, D series, E series, G series and W series power station diesel engines as power, and equipped with famous brand generator. The unit has the characteristics of high pressure regulating precision, good dynamic performance, low voltage waveform distortion, high efficiency, reliable work, long service life and good economic performance. The unit is equipped with a full set of no-maintenance battery startup system. The user can start the unit with the injection of oil and anti-freeze liquid and switch on the switch, so as to output power and improve the convenience of use.

1. Generator parameter

The nonlinear load voltage waveform is less distorted

Strong short circuit endurance

The stator winding is impregnated by vacuum pressure and covered with dampproof epoxy insulating paint

The rotor and exciter are treated with high temperature resistant insulating resin paint, which is more suitable for use in bad environment

H grade insulation

The rotor silicon steel plate is mechanically tightened

1. The above technical parameters have a speed of 1500RPM, a frequency of 50HZ, a rated voltage of 400/230v, a power factor of 0.8, and a three-phase four-wire connection.
2. According to customers' demand, the generator can choose famous brands such as Shanghai Stanford, Shanghai marathon, wuxi Stanford, etc.

3. 60HZ generator sets can be customized according to the special needs of customers.

China Shanghai Group 75kw Silent Diesel Generator Set

Standard equipment:
diesel engine
alternator
water cooled radiator
industrial silencer and flexible exhaust hose
maintenance-free lead-acid starting batteries and battery connect wires
output circuit breaker
digital control panel
steel base frame
