

## **safety Cummins 400 Kw Diesel Generator open type genset 1500/1800Rpm**

Our Product Introduction

more products please visit us on [enginedieselgenerator.com](http://enginedieselgenerator.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: Cummins Diesel Generators
- Certification: ISO9001
- Model Number: FM100KW
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Plywood packing
- Delivery Time: 3-5 weeks
- Payment Terms: T/T
- Supply Ability: 1000

### Product Specification

- Controller: Digital
- Alternator: Brushless
- Frequency: 50/60 Hz
- Maintenance: Easy
- Fuel Type: Diesel
- Cooling System: Air/Water Cooled
- Speed: 1500/1800 Rpm
- Fuel Consumption: Low
- Highlight: **Safety Cummins 400 Kw Diesel Generator,  
Open Type Genset 1800Rpm,  
Safety Open Type Genset**

## Product Description

400KW Cummins Diesel Engine Parts with Low Noise Level and of 1-2 Years Included

### Product Description:

Cummins Diesel Generators are diesel powered generator sets that are designed to provide reliable power in any situation. With their diesel power capabilities, they are perfect for any application requiring reliable power. This makes Cummins diesel generators an ideal choice for a wide range of industrial and commercial applications. Cummins diesel generators feature a low noise level, allowing for efficient and quiet operation. In addition, they are highly durable and can withstand rough conditions. The generators' air or water cooled cooling system helps to keep the engine running at optimal temperature. Moreover, the generators are available in a 50/60 Hz frequency and come with 120/240/480V voltage options. Cummins diesel generators are among the most reliable and efficient diesel power generators available. They provide reliable power and are built to last, making them an ideal choice for a variety of applications. Choose Cummins diesel generators for your next power solution and enjoy the peace of mind that comes with quality and stability.

### Features:

Product Name: Cummins Diesel Generators  
Alternator: Brushless  
Power Output: 5-3000 KW  
Cooling System: Air/Water Cooled  
Maintenance: Easy  
Durability: High  
Diesel Power Generator  
Cummins Diesel Generator Parts  
Cummins Diesel Generator Parts Suppliers

### Technical Parameters:

Attribute	Description
Noise Level	Low
Power Output	5-3000 KW
Alternator	Brushless
Speed	1500/1800 Rpm
Frequency	50/60 Hz
Cooling System	Air/Water Cooled
Voltage	120/240/480V
Controller	Digital
Warranty	1-2 Years
Maintenance	Easy

### Applications:

Cummins Diesel Generators Sets are a great choice for reliable and efficient power generation. The Cummins Marine Diesel Engines, model FM100KW, are certified with ISO9001 and are available in minimum order quantity of 1. The cost for the Cummins Diesel Generators Sets ranges from US\$7500-8500, and the packaging comes in plywood packing. Delivery time for the Cummins Diesel Generators Sets usually takes 3-5 weeks, and payment terms are T/T. Supply ability stands at 1000, and the speed of the Cummins Diesel Generators Sets ranges from 1500/1800rpm. The digital controller allows for stability and accuracy in power output, and the Cummins Diesel Generators Sets have high durability. The cooling system is air/water cooled, and the alternator is brushless.

### Customization:

Cummins Diesel Generators are Diesel Powered Generator, Diesel Power Generator, and Diesel Power Generator Set. This product has a Brand Name of Cummins Diesel Generators, Model Number of FM100KW, and a Place of Origin of CHINA. It is certified with ISO9001, and the Minimum Order Quantity is 1. The Price of Cummins Diesel Generators is US\$ 7500-8500 / Set(FOB Price). The product is packed with Plywood packing, and the Delivery Time is 3-5 weeks. The payment terms are T/T, and the Supply Ability is 1000. It has a Frequency of 50/60 Hz, Speed of 1500/1800 Rpm, Warranty of 1-2 Years, Durability of High, and a Digital Controller.

## Support and Services:

### Cummins Diesel Generators Technical Support and Service

Cummins Diesel Generators offers comprehensive technical support and service for its products. Our experienced personnel are available to answer your questions and provide prompt technical assistance.

We provide a variety of services to ensure your Cummins Diesel Generators remain in top condition. Our services include:

Preventative maintenance services

Troubleshooting and fault diagnosis

Replacement parts

Installation and commissioning

Training and user manuals

Remote monitoring and diagnostics

Our technical support team is available 24 hours a day, 7 days a week. We can be reached via phone, email or online chat. We strive to provide the best customer service and satisfaction to ensure your Cummins Diesel Generators are always running smoothly.

## Packing and Shipping:

### Packaging and Shipping of Cummins Diesel Generators:

Cummins Diesel Generators are packaged and shipped with the utmost attention to safety and security. All packages are designed to ensure the safe transport of the generator from our factory to the customer's site. The packaging material used for each generator is designed to protect it from damage during shipping, and is also environmentally friendly.

The generators are securely wrapped in a corrugated box and then placed in a wooden crate for added protection. The wooden crate is then securely sealed and labeled with the shipping information. Once the generator is packaged, it is loaded onto a truck or plane and shipped to its destination.

Cummins Diesel Generators are shipped with the utmost care and attention to ensure the safe arrival of the generator to its final destination. Our team of experienced shipping professionals work hard to ensure each generator is properly packaged and shipped in a timely manner.

## FAQ:

Q: What is the brand name of Cummins Diesel Generators?

A: Cummins Diesel Generators.

Q: What is the model number of Cummins Diesel Generators?

A: FM100KW.

Q: Where is Cummins Diesel Generators manufactured?

A: Cummins Diesel Generators is manufactured in CHINA.

Q: Does Cummins Diesel Generators have ISO9001 certification?

A: Yes, Cummins Diesel Generators has ISO9001 certification.

Q: What's the minimum order quantity of Cummins Diesel Generators?

A: The minimum order quantity of Cummins Diesel Generators is 1.
