

Low Noise silent Cummins 1000 Kw Diesel Generator With Brushless Alternator

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: Cummins Diesel Generators
- Certification: ISO9001
- Model Number: FM100KW
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Plywood packing
- Delivery Time: 3-5 weeks
- Payment Terms: T/T
- Supply Ability: 1000

Product Specification

- Emission Standard: EPA Certified
- Frequency: 50/60 Hz
- Maintenance: Easy
- Power Output: 5-3000 KW
- Alternator: Brushless
- Noise Level: Low
- Speed: 1500/1800 Rpm
- Fuel Consumption: Low
- Highlight: **Silent Cummins 1000 Kw Diesel Generator, Brushless Alternator Low Noise Diesel Generator**

Product Description

Fuel Type Diesel - Diesel Power Generator Set with Brushless Alternator

Product Description:

Cummins Diesel Generators are a reliable source of power and are the perfect choice for your industrial or commercial applications. Our diesel powered generators are EPA certified and meet the strictest emission standards. With a fuel type of diesel, maintenance is easy and fuel consumption is low. Power output ranges from 5-3000 KW, providing a wide selection of solutions for any type of application. Our general diesel generator is the perfect choice for your needs.

Features:

Product Name: Cummins Diesel Generators
Frequency: 50/60 Hz
Warranty: 1-2 Years
Controller: Digital
Fuel Consumption: Low
Speed: 1500/1800 Rpm
Diesel Generator Parts
Electric Diesel Generators
Diesel Generators Sets
Cummins Diesel Generator

Technical Parameters:

Parameter	Value
Fuel Consumption	Low
Frequency	50/60 Hz
Durability	High
Emission Standard	EPA Certified
Power Output	5-3000 KW
Maintenance	Easy
Speed	1500/1800 Rpm
Fuel Type	Diesel
Warranty	1-2 Years
Cooling System	Air/Water Cooled
Engine Parts	Cummins
Marine Diesel Engines	Cummins
AC Generator	Diesel
Generator Set	Diesel
Diesel Generator	Cummins

Applications:

Cummins Diesel Generators are a brand name of diesel generator sets that offers reliable power and easy maintenance. The model number FM100KW is certified by ISO9001 and available with a minimum order quantity of 1. The pricing range is between US\$ 7500-8500 per set (FOB Price) and the packing is made of plywood. Delivery time is 3-5 weeks and payment terms are T/T. The supply ability is 1000 and the speed is 1500/1800 Rpm. The maintenance is easy and voltage is 120/240/480V. The fuel consumption is low and the alternator is brushless. Cummins Diesel Generators are perfect for general diesel generator parts, power, manufacture and price.

Customization:

Cummins Diesel Generators
Brand Name: Cummins Diesel Generators

Model Number: FM100KW
Place of Origin: CHINA
Certification: ISO9001
Minimum Order Quantity: 1
Price: US\$ 7500-8500 / Set(FOB Price)
Packaging Details: Plywood packing
Delivery Time: 3-5 weeks
Payment Terms: T/T
Supply Ability: 1000
Fuel Consumption: Low
Warranty: 1-2 Years
Durability: High
Power Output: 5-3000 KW
Alternator: Brushless

Cummins Diesel Generator Set is a perfect combination of diesel power generator set, diesel generator parts, and diesel powered generator. It is certified by ISO9001, and guarantees low fuel consumption, high durability, and a power output of 5-3000 KW. It has a brushless alternator and a warranty of 1-2 years. The minimum order quantity is 1, and the price ranges US\$ 7500-8500 / Set(FOB Price). The delivery time is 3-5 weeks, and it comes with a Plywood packing. Payment terms are T/T, and the supply ability is 1000.

Support and Services:

Cummins Diesel Generators offers a variety of technical support and services for its products. Customers can receive help from the company's knowledgeable customer service team, who can provide advice on maintenance, troubleshooting, and more. Cummins also offers training courses, webinars, and other resources to ensure customers are able to make the most of their products. Additionally, Cummins provides access to a wide range of genuine parts and accessories, as well as an extensive network of authorized service providers.

Packing and Shipping:

Cummins Diesel Generators are packaged and shipped in order to protect them from any potential damage that could occur during transport.

The packaging process includes wrapping the generator in a high-density plastic material and then placing it in a box fortified with corner protectors and foam padding. The box is then sealed with strong adhesive tape to ensure that it is secure during transport.

The shipping process involves selecting a reliable and cost-effective courier service to ensure timely delivery. The package is tracked regularly to ensure that it remains safe and is delivered to the right address.

FAQ:

Q1: What is the brand name of the product?

A1: The brand name of the product is Cummins Diesel Generators.

Q2: What is the model number of the product?

A2: The model number of the product is FM100KW.

Q3: Where is the product made?

A3: The product is made in China.

Q4: What is the minimum order quantity?

A4: The minimum order quantity is 1.

Q5: What is the payment term?

A5: The payment term is T/T.
