

## High Efficiency 120/240/480V Cummins Diesel Generators Lower Noise

Our Product Introduction

more products please visit us on [enginedieselgenerator.com](http://enginedieselgenerator.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: Cummins Diesel Generators
- Certification: ISO9001
- Model Number: FM800KW
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Plywood packing
- Delivery Time: 3-5 weeks
- Payment Terms: T/T
- Supply Ability: 1000

### Product Specification

- Alternator: Brushless
- Warranty: 1-2 Years
- Durability: High
- Fuel Consumption: Low
- Frequency: 50/60 Hz
- Fuel Type: Diesel
- Voltage: 120/240/480V
- Maintenance: Easy
- Highlight: **Cummins Diesel Generators Lower Noise, 480V Cummins Diesel Generators, High Efficiency cummins standby generator**

## Product Description

### Low Noise Level and Low Fuel Consumption Cummins Diesel Generator Parts

#### Product Description:

Cummins Diesel Generators are a powerful and reliable diesel powered generator solution that come with a 1-2 year warranty. These generators are designed for a wide range of applications, from industrial to commercial use. They feature a 1500/1800 RPM speed, a Digital Controller, low fuel consumption and are powered by diesel fuel, making them the ideal solution for those seeking reliable and efficient power for their needs. Cummins Diesel Generators also come with a variety of Cummins Diesel Generator Parts to ensure that the generators are always running at their best.

#### Features:

Product Name: Cummins Diesel Generators

Alternator: Brushless

Controller: Digital

Warranty: 1-2 Years

Power Output: 5-3000 KW

Maintenance: Easy

Diesel AC Generator

Diesel Power Generator

Electric Diesel Generators

#### Technical Parameters:

Attributes	Details
Voltage	120/240/480V
Maintenance	Easy
Warranty	1-2 Years
Durability	High
Fuel Type	Diesel
Controller	Digital
Frequency	50/60 Hz
Alternator	Brushless
Emission Standard	EPA Certified
Speed	1500/1800 Rpm
Main Products	Diesel Power Generator Set, Diesel Generator Parts, Cummins Diesel Truck Engines

#### Applications:

Cummins Diesel Generators - FM100KW Model

Cummins Diesel Generators are designed to provide reliable power for a wide variety of commercial and industrial applications. The FM100KW model provides a powerful and stable source of energy with low noise levels. This generator is ISO9001 approved, comes with 1-2 years warranty and is equipped with a brushless alternator, making it a great choice for any business. This generator is also equipped with a low voltage 120/240/480V alternator and a frequency of 50/60 Hz. It is also packed in a durable plywood case for safe and secure transportation.

Cummins Diesel Generators are made with high quality Cummins Diesel Engine Parts and Cummins Diesel Generator Parts, providing reliable power for any situation. With a minimum order quantity of 1 and a price range of US\$7500-8500 per set, this generator is great value for money. Delivery time for this generator is 3-5 weeks and payment can be done via T/T. The supply ability of this generator is 1000 per order.

For businesses looking for reliable and efficient power, Cummins Diesel Generators are a great choice. With low noise levels, ISO9001 approval, 1-2 years warranty and a brushless alternator, the FM100KW model is a great choice for any industrial or commercial application.

#### Customization:

Are you looking for a reliable source for Cummins Diesel Generators? Look no further! Our Cummins Diesel Generator Set is the perfect choice for you. Featuring a General Diesel Generator and Cummins Diesel Engine Parts, this CUMMINS Diesel Generator Set is sure to

## Weichai Series Diesel Generators Features

In the last 70 years, more than 3 million diesel engines have won the respect and recognition of customers. Weichai Engine overhaul period for an average of 30000 hours the spin to the pennants lightweight air filter, under the beautiful shape of the screw supercharger, to optimize the design of the piping products meet the road the second stage, the three phase motor load ability, meet the requirements of the load mutation mining low noise, small vibration using enhanced fuel injection pump, increase the oil pressure, high temperature, engine experience plateau alpine baptism - 10 ° no auxiliary measures can be successfully started. Supporting power 15KW-1200KW.
