

## ISO9001 approval 10kW Water Pump Unit Diesel Fueled 1000\*600\*800mm

### Our Product Introduction

more products please visit us on [enginedieselgenerator.com](http://enginedieselgenerator.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: Water Pump Generator Set
- Certification: ISO9001
- Model Number: FM50GF
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Plywood Package
- Delivery Time: 1-2week
- Payment Terms: FOB T/T
- Supply Ability: 1000

#### Product Specification

- Cooling System: Water Cooled
- Frequency: 50Hz
- Voltage: 220V
- Power: 10kW
- Fuel: Diesel
- Start Mode: Electric
- Certificate: ISO9001
- Warranty: 1 Year
- Highlight: ISO9001 10kW Water Pump ,  
ISO9001 Water Pump Unit,  
diesel motor pump 800mm

## Product Description

### 10kW Water Pump Generator Set with Diesel Fuel 1000\*600\*800mm

#### Product Description:

This Water Pump Use Generator with Mobile Trailer is a powerful diesel generator set with 10kW, 1000\*600\*800mm dimensions and a low noise level of  $\leq 75$ dB. It is an ideal choice for water pump applications. This water pump generator set also comes with a 1-year warranty and is easy to start with electric mode.

This water pump generator set is designed for long-lasting use and can help you to complete your projects quickly and efficiently. It is easy to transport and install, and provides reliable performance with low cost of ownership. This water pump generator set is a reliable, cost-effective solution for your water pump needs.

#### Features:

Product Name: Water Pump Generator Set  
Diesel Engine Pump Unit  
Water Pump Use Generator with Mobile Trailer  
Generating Set  
Warranty: 1 Year  
Speed: 3000rpm  
Application: Irrigation, Firefighting, Etc.  
Fuel: Diesel

#### Applications:

Water Pump Generator Set is a mobile trailer pump unit that uses diesel engine to generate power. The brand name is Water Pump Generator Set, model number FM50GF, and it is certified by ISO9001. It has a minimum order quantity of 1 and a price of 1000USD. It is packaged in plywood and the delivery time is 1-2 weeks. Payment terms are FOB T/T and the supply ability is 1000. It runs on diesel fuel with a power of 10kW and a speed of 3000rpm. It also comes with a 1-year warranty and a weight of 500kg. This Water Pump Generator Set is suitable for water pump use and is a reliable diesel generator set.

This Water Pump Generator Set has a strong and durable diesel engine and offers powerful and efficient power generation. It features low fuel consumption, low noise levels, and reliable performance. With its mobile trailer, it is easy to transport and can be used in a variety of locations. It also offers a wide range of applications, such as pumping water for agricultural irrigation, water supply, and drought relief. In addition, it is equipped with advanced safety features to ensure the safety of operators and the environment.

This Water Pump Generator Set is an ideal choice for those looking for a reliable and efficient power generator. It is cost-effective, easy to use and maintain, and provides a reliable source of energy. It is a great choice for those who need a reliable and efficient power source for their water pump use. It is the perfect solution for reliable power generation and is sure to provide reliable power for years to come.

#### Customization:

Customized Water Pump Generator Set  
Brand Name: Water Pump Generator Set  
Model Number: FM50GF  
Place of Origin: CHINA  
Certification: ISO9001  
Minimum Order Quantity: 1  
Price: 1000USD  
Packaging Details: Plywood Package  
Delivery Time: 1-2week  
Payment Terms: FOB T/T  
Supply Ability: 1000  
Application: Irrigation, Firefighting, Etc.  
Fuel: Diesel  
Product Name: Water Pump Generator Set  
Frequency: 50Hz  
Voltage: 220V  
**Keywords:** Diesel Generator, Diesel Generator, Water Pump Use Generator with Mobile Trailer

#### Support and Services:

We provide technical support and service for Water Pump Generator Set, including:  
Regular maintenance checks and repairs  
Troubleshooting and diagnosis  
Replacement parts and supplies  
Technical advice and guidance

## Packing and Shipping:

The Water Pump Generator Set is packaged and shipped as follows:

The Water Pump Generator Set is placed in a cardboard box and secured with bubble wrap.

The box is labeled with the contents of the package and the shipping address.

The package is then sealed with tape and placed in a larger box with additional padding and insulation.

The package is shipped via a reliable and secure shipping service.

## FAQ:

Q: What is the Brand Name of the Water Pump Generator Set?

A: The Brand Name of the Water Pump Generator Set is Water Pump Generator Set.

Q: What is the Model Number of the Water Pump Generator Set?

A: The Model Number of the Water Pump Generator Set is FM50GF.

Q: Where is the Water Pump Generator Set made?

A: The Water Pump Generator Set is made in China.

Q: What is the Certification of the Water Pump Generator Set?

A: The Water Pump Generator Set is certified by ISO9001.

Q: What is the Minimum Order Quantity of the Water Pump Generator Set?

A: The Minimum Order Quantity of the Water Pump Generator Set is 1.

Q: How much is the Water Pump Generator Set?

A: The Price of the Water Pump Generator Set is 1000USD.

Q: How is the Water Pump Generator Set packaged?

A: The Water Pump Generator Set is packaged in Plywood Package.

Q: How long will it take to deliver the Water Pump Generator Set?

A: It will take 1-2week to deliver the Water Pump Generator Set.

Q: What are the Payment Terms for the Water Pump Generator Set?

A: The Payment Terms for the Water Pump Generator Set is FOB T/T.

Q: What is the Supply Ability of the Water Pump Generator Set?

A: The Supply Ability of the Water Pump Generator Set is 1000.

## Product Description

### Diesel pump

**Diesel engine water pump to denote powered by diesel engines, pumps by elastic coupling driven by diesel engine, with advanced and reasonable structure, high efficiency, good cavitation performance, little vibration, low noise, smooth operation, reliable and convenient installation.**

**Type power diesel engine driven pump (or fire pump group) by horizontal centrifugal pump and diesel engine, electrical instruments, such as equipment, installed in a public security closely chassis, through the line of control and signal lines connected to the electric cabinet.**

### Use

**Used for fire fighting standby main pump, called XBC diesel fire pump;**

**Used for industrial emergency use, such as boiler feed water, high temperature feed water, etc.**

**ZCSB is used for agricultural irrigation in areas without power supply.**

### Operation requirements

**When preparing to start the diesel engine water pump for the first time, check the installation of all equipment and start the engine according to the following requirements:**

**Inject the engine oil into the diesel engine and pump suspension from the oil inlet and check the oil level with the oil gauge to meet the required height.**

**Add cooling water from the expansion tank to the diesel engine, and it is advisable to increase the water level to 2/3 of the expansion tank height.**

**Install diesel fuel in the fuel tank and press the exhaust manual pressure pump to let the diesel oil enter the machine through the filter.**

**Connect the inlet and outlet pipes and gate valves of the water pump, close the gate valves of the outlet pipes, the outlet pressure gauges and the vacuum pressure gauges;**

**Water is pumped or vacuumed into water pumps and inlet pipes, and the air inside is emptied.**

**Open the external circulating cooling water valve;**

**At the inlet valve fully open, the water valve closed cases, starting diesel pumps, when the diesel engine reaches normal speed, then gradually open the valve outlet pipe road, and adjust to the desired operating mode.**
