

## ISO 220V Diesel Water Pump Unit Suitable For All Pumping Requirements

Our Product Introduction

more products please visit us on [enginedieselgenerator.com](http://enginedieselgenerator.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: Water Pump Generator Set
- Certification: ISO9001
- Model Number: FM50GF
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Plywood Package
- Delivery Time: 1-2week
- Payment Terms: FOB T/T
- Supply Ability: 1000

### Product Specification

- Fuel: Diesel
- Power: 10kW
- Speed: 3000rpm
- Cooling System: Water Cooled
- Voltage: 220V
- Warranty: 1 Year
- Start Mode: Electric
- Noise Level: ≤75dB
- Highlight: 220V Diesel Water Pump, ISO Water Pump Unit, ISO Diesel Water Pump

## Product Description

Water Pump Generator Set with 220V Voltage - suitable for all pumping requirements

### Product Description:

Our Water Pump Generator Set is a reliable power source for all your needs. It is powered by an electric start mode, with a 10kW power capacity, a 3000rpm speed, and a 220V voltage. Its dimensions are 1000\*600\*800mm, making it suitable for a variety of applications. This generator set is also equipped with a diesel engine pump unit, providing an extra level of efficiency and durability. With our Water Pump Generator Set, you can rest assured that your energy needs will be met to the highest standards.

### Features:

Product Name: Water Pump Generator Set  
Water Pump Use Generator with Mobile Trailer  
Generating Set  
Diesel Generator Set  
Weight: 500kg  
Warranty: 1 Year  
Frequency: 50Hz  
Fuel: Diesel  
Speed: 3000rpm

### Applications:

The Water Pump Generator Set, with brand name Water Pump Generator Set, model number FM50GF, and certification ISO9001, is made in CHINA. With a minimum order quantity of 1 unit, the price is 1000USD and the weight is 500kg. It can be used for various applications, such as irrigation, firefighting, etc. and the start mode is Electric with a speed of 3000rpm. The packing details are usually Plywood Package and the delivery time is 1-2week. The payment terms are usually FOB T/T and the supply ability is 1000 units. The Water Pump Generator Set is a type of Generating Set, powered by a Diesel Generator, with a Diesel Engine Pump Unit. It is perfect for various applications, such as irrigation, firefighting, etc. It has a minimum order quantity of 1 unit and the price is 1000USD. The weight is 500kg and the packing details are Plywood Package. The delivery time is 1-2week and the payment terms are FOB T/T. The supply ability is 1000 units and the start mode is Electric with a speed of 3000rpm. The certification is ISO9001 and it is made in CHINA.

### Customization:

Customized Service of Water Pump Generator Set

We are professional manufacturer and supplier of diesel generator, generating set, water pump generator set. Our Water Pump Generator Set has following features:

Brand Name: Water Pump Generator Set  
Model Number: FM50GF  
Place of Origin: CHINA  
Certification: ISO9001  
Minimum Order Quantity: 1  
Price: 1000USD  
Packaging Details: Plywood Package  
Delivery Time: 1-2week  
Payment Terms: FOB T/T  
Supply Ability: 1000  
Frequency: 50Hz  
Dimension: 1000\*600\*800mm  
Certificate: ISO9001  
Cooling System: Water Cooled  
Application: Irrigation, Firefighting, Etc.

### Support and Services:

Water Pump Generator Set Technical Support and Service

Our Water Pump Generator Sets are designed and constructed to meet the highest quality standards. We provide technical support and service to ensure that you get the most out of your investment.

Technical Support

We provide professional technical advice and guidance to help you choose the best water pump generator set for your needs.

We offer comprehensive after-sale technical support, so you can get help with any questions you may have about the operation and maintenance of your water pump generator set.

We provide detailed installation instructions for each model of water pump generator set.

Service

We offer a full range of services, including installation, maintenance, and repairs.  
Our experienced technicians are available to provide on-site service and support.  
We provide a warranty on all of our water pump generator sets.

### Packing and Shipping:

Packaging and Shipping: Water Pump Generator Set

The Water Pump Generator Set is packaged in a cardboard box that is sealed with tape. The box is labeled with the product name and model number. Inside the box, the Water Pump Generator Set is securely held in place with foam padding to prevent damage during shipping.

The Water Pump Generator Set is shipped with a trusted carrier such as UPS, FedEx, or DHL. It is important to select a carrier that provides tracking information and insurance for the shipment. All shipments should be tracked and insured to ensure safe delivery.

### FAQ:

Q & A for Water Pump Generator Set

Q1: What is the Brand Name of Water Pump Generator Set?

A1: The Brand Name is Water Pump Generator Set.

Q2: What is the Model Number?

A2: The Model Number is FM50GF.

Q3: Where is the Place of Origin?

A3: The Place of Origin is China.

Q4: What is the Certification?

A4: The Certification is ISO9001.

Q5: What is the Minimum Order Quantity?

A5: The Minimum Order Quantity is 1.

Q6: What is the Price?

A6: The Price is 1000USD.

Q7: What is the Packaging Details?

A7: The Packaging Details is Plywood Package.

Q8: How long is the Delivery Time?

A8: The Delivery Time is 1-2 week.

Q9: What is the Payment Terms?

A9: The Payment Terms is FOB T/T.

Q10: What is the Supply Ability?

A10: The Supply Ability is 1000.

				Origin	China	Product Description	
HS Code				8502120000			

Production Capacity	1000
---------------------	------

**Diesel pump**  
**Diesel engine water pump to denote powered by diesel engines, pumps by elastic coupling driven by diesel engine, with advanced and reasonable structure, high efficiency, good cavitation performance, little vibration, low noise, smooth operation, reliable and convenient installation.**  
**Type power diesel engine driven pump (or fire pump group) by horizontal centrifugal pump and diesel engine, electrical instruments, such as equipment, installed in a public security closely chassis, through the line of control and signal lines connected to the electric cabinet.**  
**Use**  
**Used for fire fighting standby main pump, called XBC diesel fire pump;**  
**Used for industrial emergency use, such as boiler feed water, high temperature feed water, etc.**  
**ZCSB is used for agricultural irrigation in areas without power supply.**  
**Operation requirements**  
**When preparing to start the diesel engine water pump for the first time, check the installation of all equipment and start the engine according to the following requirements:**  
**Inject the engine oil into the diesel engine and pump suspension from the oil inlet and check the oil level with the oil gauge to meet the required height.**  
**Add cooling water from the expansion tank to the diesel engine, and it is advisable to increase the water level to 2/3 of the expansion tank height.**  
**Install diesel fuel in the fuel tank and press the exhaust manual pressure pump to let the diesel oil enter the machine through the filter.**  
**Connect the inlet and outlet pipes and gate valves of the water pump, close the gate valves of**

the outlet pipes, the outlet pressure gauges and the vacuum pressure gauges;  
Water is pumped or vacuumed into water pumps and inlet pipes, and the air inside is emptied.  
Open the external circulating cooling water valve;  
At the inlet valve fully open, the water valve closed cases, starting diesel pumps, when the diesel engine reaches normal speed, then gradually open the valve outlet pipe road, and adjust to the desired operating mode.

8inch 12 Inch Water Pump with Diezel Engine Generator R Set
