

## Water Cooled Engine Mobile Trailer Water Pump Unit For Irrigation Firefighting

Our Product Introduction

more products please visit us on [enginedieselgenerator.com](http://enginedieselgenerator.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: Water Pump Generator Set
- Certification: ISO9001
- Model Number: FM50GF
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Plywood Package
- Delivery Time: 1-2week
- Payment Terms: FOB T/T
- Supply Ability: 1000

### Product Specification

- Noise Level:  $\leq 75\text{dB}$
- Frequency: 50Hz
- Warranty: 1 Year
- Weight: 500kg
- Power: 10kW
- Application: Irrigation, Firefighting, Etc.
- Product Name: Water Pump Generator Set
- Cooling System: Water Cooled
- Highlight: **Water Cooled Engine Water Pump Unit, Water Pump Unit For Irrigation**

## Product Description

### Water Pump Generator Set with Mobile Trailer - Product Name Water Pump Generator Set

#### Product Description:

The Water Pump Generator Set is a diesel generator with diesel engine pump unit, which is designed for water pump use and mobile trailer. It is an ideal choice for irrigation, firefighting and other applications. This generator set is equipped with a water-cooled engine and runs at a speed of 3000rpm. This versatile unit provides power and reliability in a variety of applications. It is easy to use, reliable and efficient. The generator is also equipped with a variety of safety features to ensure safe operation. With its robust design and robust performance, it is a reliable, efficient and cost-effective solution for all your water pump needs.

#### Features:

Product Name: Water Pump Generator Set  
Noise Level: ≤75dB  
Speed: 3000rpm  
Application: Irrigation, Firefighting, Etc.  
Fuel: Diesel  
Dimension: 1000\*600\*800mm  
Diesel Engine Pump Unit

#### Applications:

The **Water Pump Generator Set** is a diesel engine pump unit, which is an ideal choice for water pump use generator with mobile trailer. This set features **Brand Name** of Water Pump Generator Set, **Model Number** of FM50GF, **Place of Origin** of CHINA, **Certification** of ISO9001, **Minimum Order Quantity** of 1, **Price** of 1000USD, **Packaging Details** of Plywood Package, **Delivery Time** of 1-2week, **Payment Terms** of FOB T/T, **Supply Ability** of 1000, **Noise Level** of ≤75dB, **Weight** of 500kg, **Product Name** of Water Pump Generator Set, **Voltage** of 220V, and **Start Mode** of Electric. This set is reliable, efficient and easy to operate and maintain. It has a low noise level and is designed to provide consistent and reliable power without interruption. It is perfect for applications such as agricultural irrigation, water supply, firefighting, and emergency power supply. Additionally, it has a long service life with minimal maintenance needs. This Water Pump Generator Set is an ideal choice for any project or situation that requires a reliable and efficient power source.

#### Customization:

We offer a wide range of custom services for our Water Pump Generator Set, model number FM50GF, with the following attributes:

Brand Name: Water Pump Generator Set  
Model Number: FM50GF  
Place of Origin: CHINA  
Certification: ISO9001  
Minimum Order Quantity: 1  
Price: 1000USD  
Packaging Details: Plywood Package  
Delivery Time: 1-2week  
Payment Terms: FOB T/T  
Supply Ability: 1000  
Voltage: 220V  
Cooling System: Water Cooled  
Fuel: Diesel  
Certificate: ISO9001  
Speed: 3000rpm

This generating set is specially designed for water pumps, with a mobile trailer and diesel engine pump unit. We guarantee the quality of our product with ISO9001 certification. Our water pump generator set is available with prompt delivery time, competitive price and reliable after-sales service.

#### Support and Services:

##### Water Pump Generator Set Technical Support and Services

We provide comprehensive technical support and services for our Water Pump Generator Set. We offer a variety of services to ensure that your equipment is running smoothly and efficiently.

On-site installation and commissioning  
Emergency repair and maintenance  
Regular preventative maintenance  
Replacement parts and components  
Troubleshooting and technical assistance  
Operator and safety training  
Upgrades and retrofits

Our highly-trained technicians are available 24/7 to provide prompt and reliable service. For more information about our Water Pump

Generator Set technical support and services, please contact us today.

Packing and Shipping:

Packaging and Shipping for Water Pump Generator Set:  
The Water Pump Generator Set will be securely packaged in a double-wall cardboard box.  
The box will be filled with foam peanuts for protection during transit.  
The box will be clearly labeled with the "Fragile" sticker.  
The shipment will be tracked and insured in case of damage or loss.

FAQ:

**Q: What is the Brand Name of this product?**  
A: The Brand Name of this product is Water Pump Generator Set.  
**Q: What is the Model Number of this product?**  
A: The Model Number of this product is FM50GF.  
**Q: Where is this product from?**  
A: This product is from China.  
**Q: What is the minimum order quantity?**  
A: The minimum order quantity is 1.  
**Q: What is the price of this product?**  
A: The price of this product is 1000USD.

Basic Info.

Conditions of Use	Land Use	Usage	Common Units, Standby Unit, Emergency Crew	Landuse Type of Unit	Ordinary	Excitation Mode	AC Rotating Exciter

				Origin	China	Product Description	
						HS Code	8502120000

Production Capacity	1000
---------------------	------

Diesel pump  
Diesel engine water pump to denote powered by diesel engines, pumps by elastic coupling driven by diesel engine, with advanced and reasonable structure, high efficiency, good cavitation performance, little vibration, low noise, smooth operation, reliable and convenient installation.  
Type power diesel engine driven pump (or fire pump group) by horizontal centrifugal pump and diesel engine, electrical instruments, such as equipment, installed in a public security closely chassis, through the line of control and signal lines connected to the electric cabinet.

**Use**  
Used for fire fighting standby main pump, called XBC diesel fire pump;  
Used for industrial emergency use, such as boiler feed water, high temperature feed water, etc.  
ZCSB is used for agricultural irrigation in areas without power supply.

Operation requirements  
When preparing to start the diesel engine water pump for the first time, check the installation of all equipment and start the engine according to the following requirements:  
Inject the engine oil into the diesel engine and pump suspension from the oil inlet and check the oil level with the oil gauge to meet the required height.  
Add cooling water from the expansion tank to the diesel engine, and it is advisable to increase the water level to 2/3 of the expansion tank height.  
Install diesel fuel in the fuel tank and press the exhaust manual pressure pump to let the diesel oil enter the machine through the filter.  
Connect the inlet and outlet pipes and gate valves of the water pump, close the gate valves of the outlet pipes, the outlet pressure gauges and the vacuum pressure gauges;  
Water is pumped or vacuumed into water pumps and inlet pipes, and the air inside is emptied.  
Open the external circulating cooling water valve;  
At the inlet valve fully open, the water valve closed cases, starting diesel pumps, when the diesel engine reaches normal speed, then gradually open the valve outlet pipe road, and adjust to the desired operating mode.
