

## 100kW Water Pump Set Lower Noise For Continuous Power Generation

### Our Product Introduction

more products please visit us on [enginedieselgenerator.com](http://enginedieselgenerator.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: Water Pump Generator Set
- Certification: ISO9001
- Model Number: FM50GF
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Plywood Package
- Delivery Time: 1-2week
- Payment Terms: FOB T/T
- Supply Ability: 1000

#### Product Specification

- Start Mode: Electric
- Speed: 3000rpm
- Power: 10kW
- Certificate: ISO9001
- Product Name: Water Pump Generator Set
- Dimension: 1000\*600\*800mm
- Weight: 500kg
- Cooling System: Water Cooled
- Highlight: 100kW Water Pump set,  
Water Pump set Lower Noise

## Product Description

### 100kW Generating Set with Noise Level $\leq 75$ dB for Continuous Power Generation

#### Product Description:

Our reliable and efficient water pump generator set is designed to meet the needs of various applications. This set offers a speed of up to 3000rpm, a power of 10kW, and it runs on diesel fuel. It also comes with a voltage of 220V and an electric start mode. Our water pump generator set is the perfect combination of performance and reliability, and it is suitable for both industrial and commercial purposes. Thanks to its advanced technology, our water pump generator set can provide a stable and safe operation, making it the perfect choice for any water pump generator needs.

#### Features:

Product Name: Water Pump Generator Set  
Power: 10kW  
Cooling System: Water Cooled  
Start Mode: Electric  
Voltage: 220V  
Diesel Generator with water pump for efficient cooling  
Electric start for easy starting

#### Applications:

Water Pump Generator Set, model FM50GF, is a high-quality diesel engine pump unit made in China. It is certified with ISO9001 and features a noise level of  $\leq 75$ dB, frequency of 50Hz, start mode of electric, voltage of 220V, and power of 10kW. The minimum order quantity is 1 and the price is 1000USD, with delivery time of 1-2weeks and payment terms of FOB T/T. The product is also supplied with the best packaging in the form of plywood package to ensure its safe delivery. The Supply Ability of this unit is 1000, making it a reliable choice for your water pump generator needs. It will be an ideal choice for any applications which require a reliable and efficient diesel engine pump unit like industrial and construction sites.

#### Customization:

Water Pump Generator Set  
Brand Name: Water Pump Generator Set  
Model Number: FM50GF  
Place of Origin: CHINA  
Certification: ISO9001  
Minimum Order Quantity: 1  
Price: 1000USD  
Packaging Details: Plywood Package  
Delivery Time: 1-2week  
Payment Terms: FOB T/T  
Supply Ability: 1000  
Warranty: 1 Year  
Noise Level:  $\leq 75$ dB  
Cooling System: Water Cooled  
Product Name: Water Pump Generator Set  
Voltage: 220V  
Water Pump Use Generator with Mobile Trailer, Diesel Engine Pump Unit

Our water pump generator set is an ideal choice for you. With a FM50GF diesel engine pump unit, this generator set is perfect for water pumping in remote areas. It has a low noise level of  $\leq 75$ dB, and a water cooled cooling system for efficient heat dissipation. Moreover, it comes with a mobile trailer for easy transport, and a 1 year warranty.

Place your order today for our quality water pump generator set and get a great price of 1000USD. It comes with a minimum order quantity of 1 and we have a supply ability of 1000. We also offer fast delivery of 1-2week and a FOB T/T payment method.

#### Support and Services:

We offer technical support and service for Water Pump Generator Set. Our technical support staff are available to answer any technical questions you may have. We also provide installation services, maintenance services, and repair services. We will ensure that your Water Pump Generator Set is running efficiently and safely at all times. We guarantee that our service and support will meet your satisfaction.

#### Packing and Shipping:

Packaging and Shipping

The Water Pump Generator Set is packaged in a wooden crate for added protection during shipping. All parts are securely fastened to the crate walls to ensure a safe arrival. The crate is also marked with our company logo and the product name.

The Water Pump Generator Set is shipped via air, land or sea, depending on customer preference. All shipments are tracked to guarantee on-time delivery. We also offer special delivery options to meet customer needs.

## FAQ:

**Q1: What is the brand name of the Water Pump Generator Set?**

A1: The Water Pump Generator Set is branded as Water Pump Generator Set.

**Q2: What is the model number of Water Pump Generator Set?**

A2: The model number of Water Pump Generator Set is FM50GF.

**Q3: Where is the Water Pump Generator Set manufactured?**

A3: The Water Pump Generator Set is manufactured in China.

**Q4: Is the Water Pump Generator Set certified?**

A4: Yes, the Water Pump Generator Set is certified by ISO9001.

**Q5: What is the minimum order quantity for Water Pump Generator Set?**

A5: The minimum order quantity for Water Pump Generator Set is 1.

## Basic Info.

### Diesel pump

**Diesel engine water pump to denote powered by diesel engines, pumps by elastic coupling driven by diesel engine, with advanced and reasonable structure, high efficiency, good cavitation**

**performance, little vibration, low noise, smooth operation, reliable and convenient installation. Type power diesel engine driven pump (or fire pump group) by horizontal centrifugal pump and diesel engine, electrical instruments, such as equipment, installed in a public security closely chassis, through the line of control and signal lines connected to the electric cabinet. Use**

**Used for fire fighting standby main pump, called XBC diesel fire pump;**

**Used for industrial emergency use, such as boiler feed water, high temperature feed water, etc.**

**ZCSB is used for agricultural irrigation in areas without power supply.**

### Operation requirements

**When preparing to start the diesel engine water pump for the first time, check the installation of all equipment and start the engine according to the following requirements:**

**Inject the engine oil into the diesel engine and pump suspension from the oil inlet and check the oil level with the oil gauge to meet the required height.**

**Add cooling water from the expansion tank to the diesel engine, and it is advisable to increase the water level to 2/3 of the expansion tank height.**

**Install diesel fuel in the fuel tank and press the exhaust manual pressure pump to let the diesel oil enter the machine through the filter.**

**Connect the inlet and outlet pipes and gate valves of the water pump, close the gate valves of the outlet pipes, the outlet pressure gauges and the vacuum pressure gauges;**

**Water is pumped or vacuumed into water pumps and inlet pipes, and the air inside is emptied.**

**Open the external circulating cooling water valve;**

**At the inlet valve fully open, the water valve closed cases, starting diesel pumps, when the diesel engine reaches normal speed, then gradually open the valve outlet pipe road, and adjust to the desired operating mode.**
