

## Yellow Diesel Irrigation Pump Water Pump Mobile 220Volt 50Hz

Our Product Introduction

more products please visit us on [enginedieselgenerator.com](http://enginedieselgenerator.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: Water Pump Generator Set
- Certification: ISO9001
- Model Number: FM50GF
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Plywood Package
- Delivery Time: 1-2week
- Payment Terms: FOB T/T
- Supply Ability: 1000

### Product Specification

- Speed: 3000rpm
- Application: Irrigation, Firefighting, Etc.
- Warranty: 1 Year
- Fuel: Diesel
- Dimension: 1000\*600\*800mm
- Certificate: ISO9001
- Start Mode: Electric
- Voltage: 220V
- Highlight: Diesel Irrigation Pumps 220Volt, Water Pump Mobile 220Volt, 50Hz Diesel Irrigation Pumps

## Product Description

### Irrigation Water Pump Generator Set with 220V Voltage 50Hz Frequency

#### Product Description:

This Water Pump Generator Set is ideal for many industrial and commercial applications. It is powered by a 10kW electric motor and has a water cooled cooling system for efficient operation. This set also comes with a mobile trailer, making it easy to move from one place to another. Furthermore, its dimension is 1000\*600\*800mm and the voltage is 220V. This Water Pump Generator Set is perfect for all water pump uses, offering a reliable and cost-effective solution.

#### Features:

**Product Name:** Water Pump Generator Set

**Dimension:** 1000\*600\*800mm

**Speed:** 3000rpm

**Weight:** 500kg

**Warranty:** 1 Year

#### Applications:

Water Pump Generator Set is a diesel generator set equipped with diesel engine and water pump. It is manufactured by an ISO9001 certified factory with brand name "Water Pump Generator Set" and model number FM50GF. Its minimum order quantity is 1 unit, and the price is 1000 USD per unit. Plywood package is provided for each unit. The delivery time is 1-2 weeks after payment. The payment term is FOB T/T. The factory is able to supply up to 1000 sets of water pump generator set every month. Each set weighs 500kg and the frequency is 50Hz. The power is 10kW and the certification is ISO9001. Warranty for each set is one year. Water Pump Generator Set has a wide range of applications, such as generating set, diesel generator, diesel engine pump unit and water pump.

#### Customization:

Water Pump Generator Set

**Brand Name:** Water Pump Generator Set

**Model Number:** FM50GF

**Place of Origin:** CHINA

**Certification:** ISO9001

**Minimum Order Quantity:** 1

**Price:** 1000USD

**Packaging Details:** Plywood Package

**Delivery Time:** 1-2week

**Payment Terms:** FOB T/T

**Supply Ability:** 1000

**Product Name:** Water Pump Generator Set

**Noise Level:** ≤75dB

**Cooling System:** Water Cooled

**Voltage:** 220V

**Fuel:** Diesel

**Specialization:** Diesel Generator, Water Pump Use Generator with Mobile Trailer, Diesel Generator Set

#### Support and Services:

Water Pump Generator Set Technical Support and Service

We provide a comprehensive technical support and service for Water Pump Generator Set products to ensure the highest levels of customer satisfaction. Our team of experienced professionals are available to answer any questions and provide assistance with any technical issues.

We offer a variety of support options to meet the needs of our customers, including:

Phone Support – Our technical support team is available to answer any questions or provide assistance with any technical issues.

Online Support – We provide online support for Water Pump Generator Set products, including comprehensive product documentation and tutorials.

Onsite Support – We offer onsite support for Water Pump Generator Set products, including installation, troubleshooting and maintenance.

We understand the importance of providing excellent customer service and we strive to provide the best technical support and service for our customers. If you have any questions or need assistance with your Water Pump Generator Set products, please don't hesitate to contact us.

#### Packing and Shipping:

## Packaging and Shipping

The Water Pump Generator Set is packaged and shipped in a secure box or container that is designed to ensure that the product is not damaged in transit. All components are secured in foam and bubble wrap to ensure maximum protection against bumps and vibrations. The product is shipped with all necessary documentation, such as user manuals, safety warnings, and installation instructions.

## FAQ:

### Water Pump Generator Set FAQs

**Q1: What is the brand name of the Water Pump Generator Set?**

A1: The brand name of the Water Pump Generator Set is Water Pump Generator Set.

**Q2: What is the model number for the Water Pump Generator Set?**

A2: The model number of the Water Pump Generator Set is FM50GF.

**Q3: Where is Water Pump Generator Set manufactured?**

A3: The Water Pump Generator Set is manufactured in China.

**Q4: What is the minimum order quantity for Water Pump Generator Set?**

A4: The minimum order quantity for Water Pump Generator Set is 1.

**Q5: What is the price for Water Pump Generator Set?**

A5: The price for Water Pump Generator Set is 1000USD.

### Basic Info.

Conditions of Use	Land Use	Usage	Common Units, Standby Unit, Emergency Crew	Landuse Type of Unit	Ordinary	Excitation Mode	AC Rotating Exciter
				Transport Package	Plywood Package	Trademark	FM
				Origin	China	<b>Product Description</b>	
						HS Code	8502120000

Production Capacity	1000

### Diesel pump

**Diesel engine water pump to denote powered by diesel engines, pumps by elastic coupling driven by diesel engine, with advanced and reasonable structure, high efficiency, good cavitation**

**performance, little vibration, low noise, smooth operation, reliable and convenient installation. Type power diesel engine driven pump (or fire pump group) by horizontal centrifugal pump and diesel engine, electrical instruments, such as equipment, installed in a public security closely chassis, through the line of control and signal lines connected to the electric cabinet. Use**

**Used for fire fighting standby main pump, called XBC diesel fire pump;**

**Used for industrial emergency use, such as boiler feed water, high temperature feed water, etc.**

**ZCSB is used for agricultural irrigation in areas without power supply.**

### Operation requirements

**When preparing to start the diesel engine water pump for the first time, check the installation of all equipment and start the engine according to the following requirements:**

**Inject the engine oil into the diesel engine and pump suspension from the oil inlet and check the oil level with the oil gauge to meet the required height.**

**Add cooling water from the expansion tank to the diesel engine, and it is advisable to increase the water level to 2/3 of the expansion tank height.**

**Install diesel fuel in the fuel tank and press the exhaust manual pressure pump to let the diesel oil enter the machine through the filter.**

**Connect the inlet and outlet pipes and gate valves of the water pump, close the gate valves of the outlet pipes, the outlet pressure gauges and the vacuum pressure gauges;**

**Water is pumped or vacuumed into water pumps and inlet pipes, and the air inside is emptied. Open the external circulating cooling water valve;**

**At the inlet valve fully open, the water valve closed cases, starting diesel pumps, when the diesel engine reaches normal speed, then gradually open the valve outlet pipe road, and adjust to the desired operating mode.**

8inch 12 Inch Water Pump with Diesel Engine Generator R Set
